

Fantasy Nascar 2025

Welcome to Nascar 2025!! We would like to thank all of you who played last year and congratulate those who won.

Your team will consist of 5 drivers, you can choose up to 3 drivers from the top 10, but no more than 2 drivers from the top 5. You **must** choose at least 1 driver between 11th place and 20th place and **must** choose at least 1 driver from 21st place through last place in the drivers' finishing order from last season. Please be advised that the order you place your drivers in is important. In case teams tie, their first driver's individual points will be compared, the second, and so on, until the tie is broken. So, rank your 5 drivers in the order that you think they will finish in the points this year. This also applies to the race high score tie-breakers, your drivers will be compared for that individual race. **You will only get the points your drivers earn themselves, regardless of what car they are driving. You will not receive points for the car if your driver does not start the race in it. Take this into consideration when choosing your drivers.** Please do a little research. Not all of the drivers from last season's standings are racing full time this season.

Your drivers will earn the same points that they earn from Nascar for each race. In addition, your driver will earn your team points if it qualifies in the top 12. Qualifying points will be awarded as follows: Pole will earn 15 points; #2 qualifier, 14 points; #3, 13 points; and so on down to the #12 qualifier earning 4 points. We will **not** adjust the points of the drivers in "the Chase" as Nascar does. Race and league stats will be posted at www.thesportsjunkie.com.

Regular season and Playoffs! Team points will accumulate from race to race. After Race 26, which will conclude the "Regular Season", 50 teams will advance to the "Playoffs", which will be the final ten races. The Daytona bonus winner along with the high scoring team from races 2 thru 26, then the highest ranking teams to fill out 50 teams will have their scores reset to start the final 10 races. The team in 1st place at the end of the Regular season will win \$100. Then, the 50 teams' scores will be bumped up to an equal amount, with bonus points being added for their ranking position. 1st place will have 100 points added, 2nd place, 98 points added, then 2 points less for each position down to 50th. Then the final season standings will determine the payouts. In addition, the 51st finisher at the end of the season, will win \$51. The more teams we get, the more teams will be paid out. The highest scoring team **every week** will earn \$20!

Entry fee is still just \$20.00 for the entire season!

Please feel free to make copies of this form or go to www.thesportsjunkie.com and let's get as many playing as we can.

Thank you for Playing and Good Luck!!!
